

(c) A savings association that wishes to obtain an exemption from the sanctions provided in paragraph (b)(2) of this section must file a request for exemption with the Regional Director. Such request must include a capital plan that satisfies the requirements of paragraph (a)(2) of this section.

(d) The Director may permit any savings association that is subject to paragraph (b) of this section to increase its assets in an amount not exceeding the amount of net interest credited to the savings association's deposit liabilities, if:

(1) The savings association obtains the Director's prior approval;

(2) Any increase in assets is accompanied by an increase in tangible capital in an amount not less than 3% of the increase in assets;

(3) Any increase in assets is accompanied by an increase in capital not less in percentage amount than required under the risk-based capital standards then applicable;

(4) Any increase in assets is invested in low-risk assets; and

(5) The savings association's ratio of core capital to total assets is not less than the ratio existing on January 1, 1991.

(e) If a savings association fails to meet any of the regulatory capital requirements set forth in § 567.2 of this part, the Director may, through enforcement proceedings or otherwise, require such savings association to take one or more of the following corrective actions:

(1) Increase the amount of its regulatory capital to a specified level or levels;

(2) Convene a meeting or meetings with the Office's supervision staff for the purpose of accomplishing the objectives of this section;

(3) Reduce the rate of earnings that may be paid on savings accounts;

(4) Limit the receipt of deposits to those made to existing accounts;

(5) Cease or limit the issuance of new accounts of any or all classes or categories, except in exchange for existing accounts;

(6) Cease or limit lending or the making of a particular type or category of loan;

(7) Cease or limit the purchase of loans or the making of specified other investments;

(8) Limit operational expenditures to specified levels;

(9) Increase liquid assets and maintain such increased liquidity at specified levels; or

(10) Take such other action or actions as the Director may deem necessary or appropriate for the safety and soundness of the savings association, or depositors or investors in the savings association.

(f) The Director shall treat as an unsafe and unsound practice any material failure by a savings association to comply with any plan, regulation, written agreement undertaken under this section or order or directive issued to comply with the requirements of this part.

[54 FR 49649, Nov. 30, 1989, as amended at 57 FR 33441, July 29, 1992; 60 FR 66720, Dec. 26, 1995]

#### § 567.11 Reservation of authority.

(a) *Transactions for purposes of evasion.* The Director or the Regional Director for the region in which a savings association is located may disregard any transaction entered into primarily for the purpose of reducing the minimum required amount of regulatory capital or otherwise evading the requirements of this part.

(b) *Average versus period-end figures.* The Office reserves the right to require a savings association to compute its capital ratios on the basis of average, rather than period-end, assets when the Office determines appropriate to carry out the purposes of this part.

(c)(1) *Reservation of authority.* Notwithstanding the definitions of core and supplementary capital in § 567.5 of this part, OTS may find that a particular type of purchased intangible asset or capital instrument constitutes or may constitute core or supplementary capital, and may permit one or more savings associations to include all or a portion of such intangible asset or funds obtained through such capital instrument as core or supplementary capital, permanently or on a temporary basis, for the purposes of compliance with this part or for any other purposes. Similarly, the Office may

find that a particular asset or core or supplementary capital component has characteristics or terms that diminish its contribution to a savings association's ability to absorb losses, and the Office may require the discounting or deduction of such asset or component from the computation of core, supplementary, or total capital.

(2) Notwithstanding § 567.6 of this part, OTS will look to the substance of a transaction and may find that the assigned risk weight for any asset, or credit equivalent amount or credit conversion factor for any off-balance sheet item does not appropriately reflect the risks imposed on the savings association. OTS may require the savings association to apply another risk-weight, credit equivalent amount, or credit conversion factor that OTS deems appropriate.

(3) If this part does not specifically assign a risk weight, credit equivalent amount, or credit conversion factor, OTS may assign any risk weight, credit equivalent amount, or credit conversion factor that it deems appropriate. In making this determination, OTS will consider the risks associated with the asset or off-balance sheet item as well as other relevant factors.

[54 FR 49649, Nov. 30, 1989, as amended at 57 FR 33441, July 29, 1992; 66 FR 59666, Nov. 29, 2001]

**§ 567.12 Intangible assets, servicing assets, and credit-enhancing interest-only strips.**

(a) *Scope.* This section prescribes the maximum amount of intangible assets, servicing assets, and credit-enhancing interest-only strips that savings associations may include in calculating tangible and core capital.

(b) *Computation of core and tangible capital.* (1) Purchased credit card relationships may be included (that is, not deducted) in computing core capital in accordance with the restrictions in this section, but must be deducted in computing tangible capital.

(2) In accordance with the restrictions in this section, mortgage servicing assets may be included in computing core and tangible capital and nonmortgage servicing assets may be included in core capital.

(3) Intangible assets, as defined in § 567.1 of this part, other than purchased credit card relationships described in paragraph (b)(1) of this section and core deposit intangibles described in paragraph (g)(3) of this section, are deducted in computing tangible and core capital.

(4) Credit-enhancing interest-only strips may be included (that is not deducted) in computing core capital subject to the restrictions of this section, and may be included in tangible capital in the same amount.

(c) *Market valuations.* The OTS reserves the authority to require any savings association to perform an independent market valuation of assets subject to this section on a case-by-case basis or through the issuance of policy guidance. An independent market valuation, if required, shall be conducted in accordance with any policy guidance issued by the OTS. A required valuation shall include adjustments for any significant changes in original valuation assumptions, including changes in prepayment estimates or attrition rates. The valuation shall determine the current fair value of assets subject to this section. This independent market valuation may be conducted by an independent valuation expert evaluating the reasonableness of the internal calculations and assumptions used by the association in conducting its internal analysis. The association shall calculate an estimated fair value for assets subject to this section at least quarterly regardless of whether an independent valuation expert is required to perform an independent market valuation.

(d) *Value limitation.* For purposes of calculating core capital under this part (but not for financial statement purposes), purchased credit card relationships and servicing assets must be valued at the lesser of:

(1) 90 percent of their fair value determined in accordance with paragraph (c) of this section; or

(2) 100 percent of their remaining unamortized book value determined in accordance with the instructions for the Thrift Financial Report.

(e) *Core capital limitations*—(1) *Servicing assets and purchased credit card relationships.* (i) The maximum aggregate
